

## **BEHAVIOUR GUIDANCE CODE**

*Documented guidelines regarding behaviour and guidance for children help ensure that children, families, and staff have a safe environment, and consistency and clarity around acceptable behaviour and guidance measures that will be implemented.*

### **As a staff team we believe:**

- All children have the right to feel secure and to learn and develop in a psychological and physically safe, environment
- Children have a right to express their feelings and to be supported to develop positive behaviours that underpin the development of relationships with peers and adults
- Effective communication and learning occur when families and educators work together to develop common goals for a child's wellbeing, learning and development.
- That the consideration of children's individual, and contextual needs are crucial for successful learning and the development of positive behaviours
- That family consultation is valued, and their individual perspectives respected
- Children have the right to be supported by educators who model appropriate behaviours and ensure consistent limits are set
- No child should be made to feel rejected, insecure, embarrassed, or ashamed

### **As a staff team we promote positive behaviour and interactions by:**

- Planning and providing an environment that promotes a sense of belonging, being and becoming and provides enhanced opportunities for learning through play
- Ensuring that limits set are reasonable and understood by all children and adults
- Providing an enriching and engaging play based program that enables each child to experience success at their developmental level, while exploring a variety of experiences and activities.
- Using positive verbal and nonverbal guidance
- Demonstrate empathy and sensitivity to each child being mindful of the variety of factors that influence behaviour
- Planning provocations and using intentionality to develop opportunities to cultivate skills and abilities including resilience, agency, entry and exit skills when playing, appropriate risk taking, conflict resolution, independence, leadership, respect for others and communication.
- Interacting positively, using positive language, and acknowledging and modelling respectful behaviour
- Valuing children as individuals within their family and cultural context
- Involving children in goal setting, developing group norms and the development of behavioural expectations and consequences
- Intentional teaching of appropriate behaviours and play skills, building on each child's strengths and achievements and providing choices when possible
- Encouraging open two-way communication with families to ensure that each child's rights are met

## **We will respond to challenging behaviours by:**
